- Helpful Resources for learning more about these (3) rare diseases And for Multiple Sclerosis

a 45-minute discussion + 35 mins of Q&A

## Guest Speaker: Brenda Zimmerman, PEM (Patient Education Mgr.)

**Topic: Project RED - Understanding NMOSD and how to advocate for yourself**

Description: A presentation for people diagnosed with or at risk for neuromyelitis optica spectrum disorder (NMOSD) and their loved ones

a 30-minute presentation + 20 minutes of Q&A

**Three patient advocates will have (10) minutes each to tell us how they battle their illness**

Evee Marcus was born in Mexico City and moved to El Paso, Texas as a young child. She was the youngest of three girls and always strived to be like her older sisters. She is a doting mother to her 15-year-old son and two fur babies, Pearl and Puff. *Today, Eevee will tell us of her battle with NMOSD.*

Karen Hensel, a 62-year-old wife, mother, and proud grandmother. In June 2024, Karen was diagnosed with *generalized Myasthenia Gravis*—an unexpected challenge that has reshaped her journey in ways she never imagined. – Let’s hear what Karen wants to tell us about a groundbreaking research study.

Jim E. Yates, Jr. is a dedicated *Multiple Sclerosis (MS)* advocate, life strategist, and author of *Mastering Life with MS*. Diagnosed with MS after enduring years of unexplained symptoms and a challenging path to diagnosis, Jim has transformed his journey into a mission of advocacy and education.
